

McAllister Park Little League Upper Complex Expansions Project - Phase II construction of MPLL's upper complex expansion project began in December, 2009. Phase II includes sports field lighting, field fencing and dugouts, expansion and renovation of four full size baseball fields, a new concession stand, and paved parking. Phase II is expected to be completed so that Little League and Softball can be played at the upper complex in the fall of 2010; and Junior, Senior, and Big League Baseball in the spring of 2011. Phase II of the expansion is being funded through the Bexar County Community Venues Program (<http://www.co.bexar.tx.us/CommunityVenues/>). Photographs showing the progress of Phase II construction are located at http://web.me.com/lorpan/Site_2.
